

Site Council Meeting

1/14/19

3:47

Attendance- Mrs. Gilman , Robin Thye, Michelle Burnett, Jody Titus, Teri Langston

Approval of minutes and agenda- Mrs. Thye & Teri

Teacher's Report-

Benchmark testing happening school wide for winter benchmarks

4th grade hit heavy with testing at this time

Technology piece is challenging and the math is taking them a long time (intermediate)

Parent Report-

Parents are happy to have students back in school!

Community Report-

Earthquake feedback – mixed communication from her children what parents should have done during the emergency. (Cell phones / teens contacting parents)

Schools were doing what they should have been doing to take care of students.

Can both schools communicate better about concerts or after school activities to help with Nikiski Rec planning their activities?

Principal report-

338 kids in our school at this time

JA in a Day – February 1st

January 28th-29th- Water safety and a trip to the pool

Nikiski Rec will be using our gym for a few weeks for their winter sports

Sean Dusek will be retiring at the end of the school year on June 30th.

May 10th – Nikiski Track meet

New Business-

- Crosswalk safety concern for parents merging into the lane to leave after dropping off students.
Possibly post signs to clarify what the driving expectations are for parents in parent pickup.
Possibly extra help at parent drop off in AM from a recess duty
- Keyless entry coming to NNS. NNS is the 5th school in line to move to this system in the district.
Parents will need to be buzzed in after the school hours have begun. Parents need to escort late

students into the building. Community members feel this is a good move for the school to protect our students.

- School Mission statement revision for NNS input from council will be taken to the staff.

Next meeting-

February 11th and will not meet in March
