Verbage to understand:

Stay Put- bring students inside and lock front door. Inside - school routines continue within the building

Safety Closure - highest level of threat - ALICE protocols will be used

Shelter in Place - used during threat of hazardous materials, severe weather, etc. Doors won't be locked but parents would have to show ID and follow emergency protocols, etc.

Evacuation - students would be relocated to an appropriate evacuation assembly area

A.L.I.C.E. - age appropriate, not sequential or chronological, and gives all those involved the ability to change protocols as an incident progresses.

EVACUATE

Training has been conducted at a district level, in conjunction with principals and law enforcement. Schools will have safety drills, including A.L.I.C.E.

Teacher Reports:

Primary teachers: Karen Pala -

PK is full with a wait list

K - beginning of school with first week 1/2 days was a huge success. Teachers and students needed that time to establish rules and routines, as well as firm up dismissal routines.

1- very thankful for 4 classes of students. Have had a great start.

2- finishing benchmark testing and designing instruction to meet needs based on benchmark data.

Intermediate teachers: Adrienne Bostic

5- finding success with Course I math opportunities for 5th grade students, finishing benchmarks, and looking to plan an ecosystem fieldtrip

4- welcoming Laura Barrows to the staff as she is teaching a section of fourth grade reading. Has been very helpful with numbers

3- welcoming Nikki Stein as a 2/3 teacher into the intermediate wing. Heath and Cotroneo classes will be going on a Community fieldtrip

Classified Staff report: Brian Lyke-

reported classified staff would like a collaboration time

Margaret reported that they will get a chance during to meet on SGM's during our early release on Wednesday.
